special olympics young athlete program

Join us for our Little Feet Meet in conjunction with the Kirksville track meet! This is a one day event to introduce new families and young athletes to our Special Olympics Young Athlete Program.

Children will improve physically, cognitively, and socially

- *Raise awareness by educating the public about the diverse abilities of children with intellectual disabilities*
- *Offers children with intellectual disabilities and their peers opportunities for meaningful interaction that leads to future relationships of mutual respect, friendship, and INCLUSION*
- *An introduction for new families to the resources and support available within Special Olympics, while providing a vehicle for families to network with each other*
- *Give the children confidence and readiness to start participating in Special Olympics by the age of 8*
